Your Next Product Management Director

Highly accomplished Senior Product Leader with over 13 years of experience in building and scaling deeply technical products, including AI-driven SaaS solutions in insurance and healthcare. Proven ability to manage global, cross-functional teams and define strategic roadmaps that drive business outcomes and relevance.

Adept at leading growth, spearheading innovative product development, and delivering cutting-edge solutions with a focus on scalability, data security, and analytics through effective communication.

Well-versed in working with distributed teams, leading product teams through growth stages, and aligning technical solutions with evolving market trends and strategic product planning.

EXPERIENCE

Product Architect / Product Technology Head

May 2022 – Present

4aiSoft LLC | Mississauga, Canada

- Led the development of AI and ML-powered SaaS products, driving customer satisfaction and market expansion.
- Defined and executed the product vision, strategic roadmap, and development processes to accelerate growth.
- Partnered with engineering and technical leads to prioritize features, delivery timelines, and customer-focused enhancements.
- Spearheaded go-to-market strategies and competitive analysis, aligning technical solutions with customer needs.

Vice President
